

FORJAS IRIZAR®

Duplex Hooks

We manufacture duplex hooks per DIN Standard 15402 or to similar standards (BS...) up to hook number 160, equivalent to a lifting capacity of 700 metric tons.

Since these hooks are manufactured with an open die process, you may specify a longer shank length (dimension L1) than is standard.

DIMENSIONS (mm).

HOOK N°	a1	a2	b1	d1	f	h	l1	Aprox. WEIGHT(Kg.)
2,5	50	40	40	42	208	50	250	6,5
4	56	45	48	48	238	60	280	9,5
5	63	50	53	53	266	67	312	12,5
6	71	56	60	60	301	75	375	19
8	80	63	67	67	337	85	415	24
10	91	71	75	75	377	95	450	45
